

Acer **P** 7270i

The P7270i projector delivers enterprise-class projection with wireless convenience. With 4000 ANSI Lumens, native XGA (1024 x 768) resolution, and 2300:1 contrast ratio, this powerful projector presents brilliant imagery even in large venues with ample ambient light. HDMI™ and DVI ports allow connectivity to the newest digital devices with full HD 1080p signal support.

The P7270i features the latest 802.11b/g wireless technology for instantaneous transmission of HD video and audio in any room or viewing environment. Acer ColorBoost II, Acer EcoProjection and Acer ePower Management technologies enable the P7270i to deliver outstanding performance while conserving energy.

## Acer Projector P7270i Quick Spec

Projection system	DLP®
Resolution	Native: XGA (1,024 x 768) Maximum: UXGA (1600 x 1200), WSXGA+ (1,680 x 1050)
Aspect ratio	4:3 (native), 16:9
Contrast ratio	2300:1
Displayable colors	1.07 Billion Colors, 65536 Colors for wireless display
Brightness	4000 ANSI Lumens
Projection distance	3.9' (1.2m) ~ 31.4' (9.6m)
Throw ratio	63" @ 2m (1.57 ~ 1.89:1)
Lamp type	Osram 280 W user replaceable P-VIP lamp
Lamp life	3000 hours
Keystone correction	+/-40 Degrees (Vertical), +/-15 Degrees (Horizontal)
Projection mode	Front, rear, front-ceiling, rear-ceiling
Ceiling mount capability	Yes
Weight	11.9 lbs (5.4Kg)
Dimensions (W x H x D)	404 x 315 x 120 mm (15.9" x 12.4" x 4.7")
Remote Control	IR remote control with laser pointer & PgUp/ PgDn functions
Noise level	27 dBA

## Feature highlights

### Splendid, exceptional imagery

- Unique, elegant design
- Acer ColorBoost II technology
- XGA resolution
- 4000 Lumens brightness and 2000:1 contrast ratio
- DLP® system design

### Empowering usability, professional multimedia

- Acer Empowering Technology
- Acer SmartFormat technology
- Acer Top-Loading Lamp design
- HD wireless
- Installation menu
- 2D keystone correction
- Quick start
- Quick detection
- Digital connectivity via an HDMI™ port
- Digital connectivity via a DVI-D port
- Dual D-Sub input
- Multi-PC connectivity
- Monitor loop-through
- RS-232 port
- 5.1-channel digital audio via S/PDIF

### Earth-caring, prolific functionality

- Acer EcoProjection technology
- Longer lamp life (3000 hours)
- ECO mode
- Acer Instant Pack technology
- Automatic safety shutdown
- Digital zoom and pan
- 3X color-wheel rotation speed
- Low noise level
- Built-in speakers
- Alarm
- PIN security
- Picture-in-Picture (PIP)
- Smart cable management
- Dust filter
- Windows Vista® compliance

**Acer Color Boost II Technology**  
Acer ColorBoost II optimizes multimedia performance for different scenarios, environments and connectivity interfaces. It is the next generation of ColorBoost performance enhancement technology for Acer projectors, all of which feature a six-segment color wheel for business presentations, educational purposes and entertainment in any venue. With Acer ColorBoost II, Acer projectors deliver enriched details, smoother gradation and brighter natural colors while boosting color strength and performance for more lifelike skin tones and unsurpassed color reproduction.

**Acer SmartFormat Technology**  
Conveniently supports comprehensive wide-format PC signals. Users no longer need to worry about annoying "Signal not supported" issues, nor must they change the resolution of their wide-format notebook.

**Acer EcoProjection Technology**  
Acer EcoProjection is a complete environment-friendly power management solution that reduces standby power consumption by up to 50%, from 10 W to 5 W. Also featured in the Acer EcoProjection suite is Acer ePower Management for customized power-saving configurations.

**Acer ePower Management**  
Acer ePower Management provides quick configuration of power management options, including controls for High Altitude mode and Auto Shutdown.

**The World Leader in HD Wireless Projection**  
By allowing the transmission of high-definition video and audio signals without wires, the WPG offers flexibility and convenience for using an Acer projector in almost any room or setting. Acer Quad-View technology divides the projection screen into four, allowing content from different PCs to be displayed simultaneously. Multiple users can easily connect to the wireless projector using their own tokens.

**Plug & Show Token**  
The Plug & Show token provides installation-free wireless projection. Guests using the token for the first time can instantly launch the projection utility and begin presenting without pre-installing any software or drivers on their notebook. Users can create more Plug & Show tokens via a USB flash disk, allowing easy access and compatibility for multiple guests.

**Acer eView Management with Blackboard Mode**  
With Acer eView Management, adjusting projector settings to suit any environment and any type of content is fast and easy. Eight factory or user-defined presets instantly configure color, brightness and contrast to deliver best-quality images. Innovative Blackboard Mode allows users to instantly project onto a traditional green chalkboard. There is no longer a need to set up a separate white screen.

### About Acer

Since its founding in 1976, Acer has constantly pursued the goal of breaking the barriers between people and technology. Focused on marketing its brand-name IT products around the globe, Acer ranks as the world's No. 3 vendor for total PCs and No. 2 for notebooks, with the fastest growth among the top-five players. A profitable and sustainable Channel Business Model is instrumental to Acer's continued growth, while the successful mergers of Gateway and Packard Bell complete the company's global footprint by strengthening its presence in the U.S., and enhancing its strong position in Europe. Acer Inc. employs 5,000 people worldwide. 2007 revenues reached US\$14.07 billion. See [www.acer.com](http://www.acer.com) for more information.
